PROFESSIONAL OPINIONS ABOUT THIS COMPANY'S MUSIC C.E.O, J. SILVA, wrote from HIGHPOWERED E.N.T, which is thinking about giving Calazeze, a Record Deal!!!! ALSO PLEASE LEAVE ME REVEIW AT THE END OF THE PAGE TO TELL ME WHAT YOU THINK? CALAZEZE'S BIO I'm from Southeast Los Angeles, and I am a, songwriter, producer, and CEO. I, have been writing, songs, for 13 years, and have written over 200, rap songs, lyrics. I also wrote the hooks,

and the choruses' line, for each song and, concept. Then I composed the music for the songs, I have been producing, for 7 years, by using keyboards, drum machines, Synthesizers. In 1998, I meet up, with the rap group, "Do or Die", to talk about my music, and collaborating with them. Then I had another meeting, with the rapper Jayo Felony, to discuss, making production tracks for him. I also recorded these lists of songs, "chasing these figures", the original "Verbal Assassins and Twisting." In the year of 1999, I spent the, whole producing beats, in the studio, for my upcoming Albums. That I plan to released, I also produce an Artist called Chesses Stake, on my CD, and promoted by myself. Plus my group, which was four members at the time. In 2000, I released an underground album cd single, called Sky ballin. I did all the paper work, copyrights, and the cover design. Then started selling, the CD and sold, 1,500 copies, of the CD, then used that, money to learn about more music, and to buy more studio equipment. Also that year I got a little radio airplay, on an AM station, called 88.1 stations, out of the state, from California. Then I hook up. with this guy from New York, who was coming out, with his own magazine, called Stick'em Up. He had seen me, in the studio one-day working on my single, and liked my music. So he asked me, "could he have, a copy of my CD and the art work, so he could place it, in his magazine". Shortly after that, he went New York, to continue working the magazine. In 2001, I performed a show, for this talent group, company, called, 3rd Shift Studios. The Owner was named Terry, I performed a song called the, "The West don't Play". This was a song that was not, on my single that I released, 1 year before. I wrote, the lyrics, and did the production, for that project. At the show, they had people filming me with video cameras, and they were taken pictures. While I was doing the performance, of the song. Then at the end, of the show they had judges, to judge how, I did. With your eye, contact, the projection, of your sound, enthusiastic Showmanship etc. Also in 2001, I recorded, these lists of songs, "Getting dividends, "Twisting again", "The West Indies", "ain't no punk", and "Perpetrating Females 2". In addition, to those songs, I did, these song also, called "Babies Momma", and "The West don't Play (Remix)". In 2003, I set up, a meeting with some West Coast, Artists named Killa Tay and C-BO . At the meeting I got along extremely well, Killa Tay, he was interested listening, and maybe buying, some production from me. So at the end, of the meeting, he gave his personal cell phone number, that had an (707) area code, and told me, to call him anytime. Later on that year I had a meeting with Young Droop from, Killa Valley Entertainment, at the meeting, I asked him what his requirements, are when he dose collobrations, with otther Artists, I decided, to wait because I was on a tight budget. But we got along real well and talked for

a long time. I also new he was coming out the (209) and he was surprised and happy that I knew. And for last he had told me that he is from the same place I'm originally from The Nickersons Gardens then he moved with his mom to Central Kali. In 2004, I started getting a lot of airplay on the radio, at 99.3 FM kcla A.R.N., magazine. I was an Independent Producer DJ, on the station, and I, would play my songs, every show, that I did. My whole cd, everything, songs that was radio edited, for example, these are the titles. "Verbal Assassins", "Rolling thru the bellows", and "I dumped my babies momma", Further more, I worked with consultant company, that gave me excellent feed back, plus a nice response when they played my song for other people. Then I sent one, of my tracks, to, two of major stations in Los Angeles, Power 106, and 100.3 the beat. Then 2 weeks later, I got a call from, the program director of music, Twyla Sharp at Power 106, he said he had listened to the cd that I sent him and "liked it." I still have connection, with, the station 99.3 and others, and I am continuing to get more airplay on, different radio stations. I also promote and sale my CDs on my own web site, at cdbaby.com/calazeze and I can get written reviews and emails sent directly to me, and sound scans charts Book keeping. In 2005, I got a review, and a close, opportunity, for a recording contract, from High Powered Entertainment, High Powered is a company, that has recently signed, Jayo Felony, Spice 1, and Killa Tay. C.E.O, J. SILVA, wrote, "Calazeze we like what u got, DON'T GIVE UP, you almost had us sold. Just tighten up, your press kit package."
