Nina, a great vocalist comes with inspirational poems, accompanied by soft instrumentals that will soothe, and at the same time inspire one to make a difference. 10 MP3 Songs SPOKEN WORD: Poetry, SPOKEN WORD: With Music Details: NINA, a.k.a. Meron Fisseha was born and raised in Ethiopia, but currently resides in the U.S. She has been keen on listening to poetry, hip hop, and r b soul music since her early childhood years and she has been writing poems ever since. Born and raised up in poverty and social injustices, Meron was inspired to write about the same, advocating for social equality and shunning vices such as prostitution, and at the same time urging the youth to protect themselves from diseases such as HIV AIDS, a disease that has adversely affected Africa. It was only upon attending the College of Saint Benedicts where she met her producers, SOHNN and the KITCHEN PRODUCTIONS that she got the motivation to put up an LP, entitled AIDS IS REAL. It took her more than five years to write the poems, which she carefully and graciously incorporates into smooth, soft instrumentals to come up with great poetry work which will capture her listener throughout. The poems are filled with passion because they relate to Merons personal life experiences, and which most listeners will identify with. NINA is a natural born poet, her poems are from the heart and they are easy and great to listen to. Check out her LP, AIDS is real
