

Mp3 Michael Whisler - Molehill

[DOWNLOAD HERE](#)

"The most un-catchy, difficult to remember, un-danceable music you've ever heard." 14 MP3 Songs

FOLK: Fingerstyle, COUNTRY: Traditional Bluegrass Show all album songs: Molehill Songs Details:

When you first see Michael Whisler, you expect a fluty, singer-songwriter voice and a meandering melody to come flowing from his fingers. The instant he touches the guitar, that changes. Michaels bellowing vocals and surprisingly discordant tunes make his performances a spectator sport, rather than an easy listening experience.
