

Mp3 Pam Seaman - I've Gotta Sing

[DOWNLOAD HERE](#)

Christian Adult Contemporary 10 MP3 Songs GOSPEL: Contemporary Gospel, POP: with Live-band

Production Details: From tears to cheers, and everything in between! When you experience Pams ministry live, thats the journey youll be on, and it may well be the journey of a lifetime. Pam uses her incredible anointing and unimaginable talent in the form of worship, ballads, preaching, and testimony to take us with her in and out of painful experiences and deep looks into our insecurities and failures. The masks created by our hurts and rejections, held in place by the Enemy himself, fall away easily in the presence of the Holy Spirit as Pam shares her life and her music. She grew up loving the church and its songs, and in over 20 years of ministry has only grown in her appreciation for just how powerful that sweet sound of faith can be. Married to her husband, Doug, for 21 years, she is the mother of Kyle, 13, and Kacy, 10. Having served as Worship Pastor in each of the three churches they have led, she was let go by her own husband in 2005 so she could focus all of her energy on this ministry! She is listed on the National Preferred Speakers List of the Assemblies of God Womens Ministry, has released this, her fifth album, and travels throughout the nation in ministry. This work includes church services, conferences, and special events where Believers desire a deep and lasting touch of God. The focus of her ministry is the tender work of the Holy Spirit, culminating in an altar call that is life-changing. Thousands have been swept into the presence of God in these seasons of prayer and healing. In an atmosphere of honesty and brokenness, lives are dedicated to the Lord, addictions are broken, and hope is restored in even the darkest conditions. Pam may well be available for ministry in your church. You can contact [Page2Management](#) for more information. Pam has been a Pastors wife for over 20 years, She will work closely with you to understand exactly what you want in your service and to make that a reality, as much as possible. Those who have hosted her will tell you theyve never been sorry.
