

Mp3 Rob Carr And The Lake City Astros - Up All Day

[DOWNLOAD HERE](#)

The B52's got married to Chris Isaac and had a baby, they named him Rob Carr. 15 MP3 Songs POP: Beatles-pop, POP: Quirky Details: Ever wake up in the middle of the night, totally naked, happy and free? Do you look forward to that first cup of fresh-brewed coffee in the morning while listening to NPR? Does the sound of the ocean make you horny? Have you ever watched Arrested development, 30 rock or Keeping Up Appearances? Do you like listening to your music on rich, warm sounding headphones? Did you grow up on Fleetwood Mac, Hendrix, The SplitEnz, B-52's and Soundgarden? If you answered YES, YES!---YESSS! to ANY of these questions, I think you might like my music. Rob Carr and the Lake City Astros encapsulate my entire umbrella of musical yearnings and expression. You might listen to UP ALL DAY and think, "Hey that's pretty poppy!" But by the time yer half way through SPRINGTIME, you realize its not going to be that easy to categorize the stuff yer listenin' to! I really like that song as well as THIS TOWN. I wrote THIS TOWN while putting my little kids to bed, its basically me wishin' and hopin' that my wife and I would quit arguing so much and realize how lucky we are to be together (because every day i wake up and realize i could die). And you know what? Ever since I recorded that song we've gotten along SOOOO much better! So there you go! Buy the record! Why not? You should at least download the song anyway! I like NOT ALONE too. I had so much fun doin' that one! I play all the instruments and sing all the parts of every song on this record. For each song I imagine I'm in a completely different band. One night I'll have long hair in a band with, like 10 people, (three ladies and I'm sleeping with all of them and they don't know it!), then the next night I 'll imagine I'm the leader of a Gospel group (NOT ALONE). If you really want to know my musical history and experience, go to my web-site (it should be done soon). If you want soft, sad introspection, listen to WATCHIN' THE CROWS. If you want to dance with your kids, try SILVER LOCKET. Try listening to 'em all, its FREE to listen. Then download the entire CD. The first

twenty copies will all feature hand made sleeves! HAND-MADE! C'mon. And here's a little advice...before you go to bed tonite, get the coffee maker ready to go, then jump into bed and imagine soft surf jumpin' up on yer favorite beach, and you are lunging right into that white water, TOTALLY NUDE!
