

Mp3 Ronny Cox - Acoustic Eclectricty

[DOWNLOAD HERE](#)

Singer/songwriter and masterful storyteller 20 MP3 Songs BLUES: Guitar Blues, COUNTRY: Country Blues Details: Ronny Cox "Songs, Stories, and Out and Out Lies" In his latest album "Ronny Cox Live", as well as "Cowboy Savant" and "Acoustic Eclectricty", Ronny Cox showcases a wonderful acoustic mix of folk, western, jazzy-bluesy and just plain corn ball stuff. With a small, dazzling array of multi-instrumentalists, the music is eclectic... funny.. touching and always compelling. They showcase an original, sophisticated lyric-driven folky sound... and the stories that accompany these songs are something else entirely. Have you ever wondered how a story of "questionable veracity" gets started? Well... some small grain of truth gets twisted and turned and then told and retold. Eventually that small grain has grown into a boulder of "undeniable truth" that you would bet your house on! Well ok... maybe not your house, but someone's house. Ronny Cox is one of the most respected and sought after actors in Hollywood. Since his brilliant debut in John Boorman's film "Deliverance", Ronny has appeared in over 50 films, including "Beverly Hills Cop (I and II)", "Bound for Glory", "RoboCop", "Total Recall" and too many others to mention. He has starred in numerous TV movies and his own series; "Apple's Way" and "St. Elsewhere", "The Agency", and of course as Senator Kinsey in "Stargate SG1".
