Beautiful melodies, honest lyrics and stunning harmonies that awaken the mind and heart to rural and Mid-Western prairie life. 10 MP3 Songs FOLK: Modern Folk, COUNTRY: Country Folk Details: STEVAN B comes from a small town in Southern Illinois. His music and personal roots run deep in the solid Mid-Western values of family, humor, determination and open honesty that permeate the rural landscape. STEVAN B has been singing and playing guitar since grade school. Different times in his life have found him playing rock and country music with various bands. Recently he has re-discovered the joys of an acoustic guitar and folk, blues, and "Americana" music that had shaped his life from the beginning. Here is what others have said about Steve: Exceptional talent, very unique, great vocal ability Avalon Music, Nashville, TN. High level of talent Cotton Town Music, Commerce, GA. Very good songs, fantastic vocals Alco Music, Panama City Beach, FL. Very competitive in todays musical market Buried Treasure Music, Nashville, TN. Memorable melodies with meaningful lyrics. Apache Rose Music, BMI About the Songs: 1. The Girl is Good Looking Reminiscent of songs I listened to on the radio as a kid, in a car driving down country roads with the windows down and a cold bottle of NEHI soda in my hands. 2. Sun and Plow My interpretation of what it feels like to stand in a Prairie, just before turning the dirt over for its first plowing. 3. Prairie Wind This song is inspired by spending one too many nights driving state highways getting from one place to the next. 4. Runaway this song is dedicated to all the traveling performers who gave up so much to follow their vision. 5. Can You Sleep at Night Basic question we all have to ask ourselves, dealing with our actions and intentions. 6. Two AM Blues Just a fun little song, created as the name implies. 7. 365 Degrees This song is about breaking down the barriers we all put up to keep us emotionally safe. 8. 1st Step Taken Ive always wanted to write a cowboy song, with the image of two gunslingers at high noon. On another level, it talks about communications breaking down and the

resort to violence. 9. Small Towns This song was written about the town where I was born. Every line in it is from memories I have. 10. Down the Line Revisited An earlier version of this song actually showed up on my 1st CD, however I had a chance to re-record it for a publisher/record company and liked the new version so much I decided to give it its own place on this CD.
