eclectic pop duo 10 MP3 Songs POP: Quirky, POP: Beatles-pop Details: Here Is The Sawtelles 2nd release (and first on Connecticuts ThinManMusic label), continues with the sparse minimalistic nerve rock sound found on their 2004 self titled (subtitled: yellow) release. However, this time the husband wife team of Peter Julie Ricco elected to forgo the bass, creating a LP with just guitars, drums, and vocals. Using a fuller production, we hear sounds coaxed from Peters various guitars and Julies stripped drum kit (no kick drum) that make excellent use of reverb and double tripled tracked backing vocals to exude a vibe that surrounds us with an ethereal feeling.
