Neo-Psychic Blues Rock. 10 MP3 Songs ROCK: Progressive Rock, BLUES: Rockin' Blues Details: Blue Steel 44 has been described as one of the most dynamic garage bands to appear since the golden era of garage bands in the 60's and 70's. The group is composed of Matt Wells, who is the lead singer and plays keyboards; Jeff Grau, who plays rhythm and lead guitars; and Phil Valochik who plays rhythm and bass. The group's music is characterized by driving blues-rock coupled with rock ballads. Blue Steel was produced by Grammy winning producer Scott Mathews (Dick Dale, John Hiatt, Roy Orbison). Blue Steel has also worked with Mark Avsec (Wild Cherry, Donny Iris, Bon Jovi). The distinctive clamour of Blue Steel came out of a series of jam sessions in the basement of Matt and PJ Wells' house. Phil V and Jeff would come over and just jam. "Some one would come up with a groove and we would just run with it" says lead singer Matt "Luther" Wells. Blue Steel's music brings back the roots of rock, but with a bit of psychotic kick.
