South Africa's premiere guitar duo with their own unique style and sound loved all over the world. Their best album yet. 15 MP3 Songs EASY LISTENING: Instrumental Pop, LATIN: Flamenco Details: CH2s musical journey started in 2001; an inspiration of Corneille and the guitar maestro Charl Lamprecht. Now, 4 albums and a very interesting (and crazy we might add) voyage later, we bring you Its about time. The music youll find on this album is inspired by joy, happiness, and most of all: FUN!!! Leon Gropps musical career started at the tender age of 3 when he performed one of the best known hit songs Baa, Baa black sheep at bath time one evening On a more serious note he is the rhythm, percussion and kick drum of CH2, evidenced by his energetic and powerful style of play. He is considered by most of his friends to berather specialand even a bit nutty! Corneille started playing the guitar at the age of 6 on a four string plastic toy guitar after watching South African artist David Kramer on television one night - the guitar was bought at the OK Bazaars A modest beginning for a very dedicated musician who has received numerous national awards and international recognition as a guitarist. Combine the two players and you get a fusion of rhythm, harmony and energy that blows you away!!! Its About Time is a fresh and vibrant change in many ways! We believe that if we can bring even a little bit of happiness into the lives of our listeners, we will have achieved our goal! This album is about connecting to people through the power of music! We truly hope that you have as much fun listening as we had recording Its About Time! Thank you to each and everyone that made this possible and for your support as loyal fans!
