***** There are voices and then there are voices--sultry, sexy voices-that stay with you long after the song has ended. Emerald Jade has a voice that people have been waiting for; her voice is undoubtedly one of the most classic voices since Ella, Dinah, Billie and Sade, to hit the scene in recent history. Originally from Gary, Indiana now residing in Los Angeles, this mysterious stunning vocalist has created a buzz in the Urban Contemporary Jazz market, everybody wants to know, who is.... That!?! This recording is an instant classic and collectible worthy of being passed down from generation to generation. This release entitled "A NEW CLASSIC" is a collection of songs written by Emerald jade speaking about what she wanted in a relationship, unbeknownst to her became a reality while in the process of creating this album with the musical mastermind producer, Craig Monroe. Listening to this gem will treat the listener to a blend of jazzy pop, neo soul, and R B, with catchy melodies capturing the joy, love, and happiness throughout the entire CD. The opening track "Vibe Queen" is a tribute to the queens before her, who made it possible for her to come along with her vibe. The second track "Delirious" has a guest vocal appearance by her now husband Craig Monroe; this track is about a couple having romantic evenings and endless afternoons with champagne, a bed of roses and a bubble bath. The third track "My Man", an unmistakable classic reminiscent of old school with the new; this is about a woman giving praise to her man who treats her like the queen she is. Track number six "Shine" is dedicated to her talented family of recording artists, "Jesse Powell", "Trina Tamara" and upcoming soulful vocalist "Jacob Powell", this is where she tells them to "Shine" no matter what, and just keep your head up! On "Afternoon at Ricardo's" Emerald jade's voice is so captivating that you could hear a pin drop when the song is finished, this is definitely movie soundtrack material. This classic album is in the top ten for one of the greatest albums ever made! FOR BOOKING INFO: breezerecords.net NIGHT BREEZE ENTERTAINMENT : 702.940.7301
