Instrumental horror-surf - haunting melodies full of the kind of creepy mood you'd find in that old abandoned house up on the hill that none of the kids will go near at night. 13 MP3 Songs ROCK: Surf Rock, ROCK: Instrumental Rock Details: The Passion of the Anti-Christ is the new CD from Gein and the Graverobbers. The Passion carries on in the same vein as Songs in the Key of Evil; however the songs have gotten increasingly more aggressive and intricate. The sound is a mixture of Dick Dale, Iron Maiden, and Slayer. Drenched in reverb and oozing with the atmosphere of an Argento film, these 13 terror tunes delve into a lurid world of zombies, demons, and the occult.
