These are beautiful, stylish renditions of ragtime piano classics played by one of the most exciting performers of this vintage American music. 16 MP3 Songs JAZZ: Ragtime, CLASSICAL: Traditional

Details: The rags in this collection are favorites of mine from the ragtime era. I chose many of them because they reflect the hilarity, frivolity and lighthearted feeling that ragtime so generously imparts. Others reflect the dreaminess, gentleness and poignant sentiment - even sadness - frequently expressed by this rich and varied musical genre. Included are pieces by the three major composers of ragtime, Scott Joplin (1868-1917), James Scott (1886-1938), and Joseph Lamb (1887-1960) and me, Jazzou Jones (1950-)
