A conceptual fantasy themed work that takes you on an ethereal journey into a secret lost world. The musical story is told through an array of quiet and stark phrases and haunting drones echoing through a cathedral of forests and gardens. 10 MP3 Songs ELECTRONIC: Ambient, EASY LISTENING: Mood Music Details: Joe Renzetti is a 12 year veteran of electronic music. Joe was born in Columbus Ohio and currently resides there, though he did most of his writing in San Francisco in the 90's. His electronic music is largely influenced by dark brooding sounds reminiscent of the Gothic genre. Joe's a self-taught guitarist, keyboardist, bassist, singer, sound designer He produces all his own music under the name of Ax Nyslie as well as performs all of the music parts himself. Joe's music has been described as Sweet melancholy wrapped up tightly in overtones of broodingness and served on a silver platter of iron. What's uncanny about Renzetti is his ability to grasp and drag out emotions, controlling and twisting them to where ever his whims go that particular moment. His sound is a unique blend of traditional into modern. Classical and ethnic sounds woven into synthesis textures and experimental noises that flows in a sweet musical tone that envelops the listener. Joe's music had been featured on CD compilations and has received airplay on Hearts of Space and XM Sattelite Radio.
