Roots in country and rock and roll with many of my songs having true stories 12 MP3 Songs COUNTRY: Country Rock, EASY LISTENING: Soft Rock Details: I started learning the guitar at age 16 and wrote my first song at 16. I travelled to Australia, and sang in Hotels, came home and married at the age of 21. Music was put aside for a time while I concentrated on the family. I built up 2 orchards from bare land and commenced singing with a band on the Hotel circuit for about 18 years. I dont know if it was the smoky environment, but I developed cancer and wanted to leave my children some of my songs that I had written throughout my singing career. I got a bit dramatic thinking I was going to die, but I am still here, thank God ! The DJs who have played some of my songs, say they are for the thinking person. I have been told by some The Green Back Door brings back memories of their childhood. While Youre Young is liked by a lot of people, because of the message it gives to the young. If you want something rock and roll and good to dance to, Plaything is the song for you. I have always loved American music, Garth Brooks, Buddy Holly, Elvis, Chuck Berry and the Eagles to name a few. I would like to think you would enjoy some New Zealand music.
