A mix of song story telling through the eyes of a American midwesterner. When the song story meet for lunch the soul eats well. 10 MP3 Songs FOLK: Free-folk, FOLK: Folk-Rock Details: By day I work at a rubber hose plant in the midwest, by night I turn into something different. I'll pop into open mikes at various venues in the upper midwest from time to time, sometimes I get invited! I am somewhat new to this thing, singing and playing guitar I mean. I am not sure what I'm doing, but I'm having fun doing it! So far, I've learned that performing is totally different than just writing, singing and playing guitar. You actually have to entertain an audience, what a concept! I've also noticed that most professional musicians are skinny and know how to find a free meal in the town their performing! Gas costs so much now that they want to make sure they have enough money to pay for it! So I'm not planning to quit my day job anytime soon, unless of course I win the lottery! People who are interested in James Taylor Cat Stevens Phil Ochs should consider this download.
