Many people will remember Patrick Hall from last seasons American Idol. His new single certifies that Patrick's talent is no fluke that he is an amazing singer/songwriter. This debut is a well produced infectious piano driven pop/rock track. 5 MP3 Songs POP: with Live-band Production, ROCK: Modern Rock Details: Patrick Hall got all the way to the Top 24 on last seasons American Idol. Unfortunately the clock stopped there for him. Many fans felt Patrick's voice was one of the better ones in the competition should have never been voted off so soon. Instead of letting those emotions hold him back or beat him down, though, Hall decided to turn that negative into a positive. He wrote "One For The Ages" which is not only about his personal experience of being on "American Idol" and falling short, but about the whole process of trying to win at anything in life. Now, the song is the first single off Patrick's upcoming album, also titled 'One For The Ages', on Ni-Fi Records. His voice is intense powerful yet smooth soulful. His piano playing is reminiscent of a young Elton John. Also included on this CD is the club remixes which are sure to be a dance floor anthem and a beautiful unplugged acoustic piano mix. This enhanced CD also contains photos, bio and the new video which is a funny parody of the popular reality talent show but set as a kids school recital.
