

# Mp3 Rodeo Beatniks - Two Many Songs

[DOWNLOAD HERE](#)

A rootsy-rocky, jazzy-country, folksy-bluesy, retro-swingy band of troubadours, who trade on their strengths without braggadocio and disguise their shortcomings without apology. 14 MP3 Songs FOLK: Jazzy folk, COUNTRY: Americana Show all album songs: Two Many Songs Songs Details: The "Rodeo Beatniks" is a band who doesn't take themselves too seriously. Mind you, the Beatniks approach their songwriting and arranging in earnest, but manage to avoid the pitfalls of pretension. Their music can be described as a fun alternative to adult/alternative music, rendering tunes that range in style from tin pan alley, to country-blues, to edgier folk-rock numbers. Their original compositions are often inspired by contemporary adult relationships and invariably reflect themes which express grown-up sentiments. As usual, the arrangements are sliced thin, served on wry and garnished with a zesty enthusiasm.
