And this 4-song (EP) by The Skyfire Puzzle is a firm yet lively handshake. It's fun, energetic music in the style of alternative pop-rock with bits of The Killers, early Flickerstick, Depeche Mode, and The Cure. The first thing you notice about this demo is the recording quality, an excellent mix with clarity and punch. Singer Issac's bright tenor voice goes well with the music. He works the bridge of his voice moving from higher notes to his chest voice with what seems to be little effort. Josh's use - but not over-use - of guitar effects and a spanky tone keep the songs interesting and lively. Kevin's percussive talent is exactly what these songs need. It's never really the focus, but clearly the driving force to changes and energy. My favorite example of this was at the end of "You're Right." The drum roll came at us from a distance like a Semi, finally meeting in an explosion of the last chorus... ...Overall this demo is a pleasure to listen to. Regardless of what style of music you gravitate toward, this demo easily keeps you in its orbit." Brian Fannin Whats Up! Magazine Feb 09
