Indie pop/rock love songs with wonderfully addictive melodies and satisfying depth to the lyrics. 12 MP3 Songs POP: Beatles-pop, POP: Pop/Rock Show all album songs: You're My Star Songs Details: Tracy Spuehler writes deceptively simple indie-pop songs that are refreshingly pure and direct. Her sweet-smart songwriting has been beloved by in-the-know tastemakers, DJs and critics since the release of her debut album, *six three one*, in 2001. KCRW listeners already adored the delicious lilt of *Where Do We Go?* long before it charmed the nation through a major Nissan TV campaign. Both *six three one* and its follow-up, *Its the Sound* (04) received heavy independent radio support, landing in CMJs top 200 and KCRWs top 50 charts. Both albums have also found major placements in TV (including *Weeds*, *Men In Trees*, *What About Brian*, *Joan of Arcadia*, *Life As We Know It*, *Laguna Beach*) and in film (*Mozart and the Whale*, *Love Thy Neighbor*). In 2005, Tracy was nominated for the LA Weeklys Best Singer-Songwriter Award, and critics nationwide fell for her organic, airy quality (*American Songwriter*) and sweet, sensitive songs (*Village Voice*); her bursts of wit and sweetness tempered by dollops of sobering reality (*Los Angeles Times*) and "writing so unobtrusive, she is able to evoke profound depth of feeling through little more than subtle suggestion" (*Paste Magazine*). Maybe *Miles of Music* put it best, calling Tracy Simply lovable. Tracys writing is a clear reflection of her own life: *six three one* was an album of painful losses of her mother, her home, her lover, and even her car. *Its the Sound* was my L.A. dating album. Tracys newest release, *Youre My Star*, documents her life as a joyful newlywed and first-time expectant mom! In fact, nearly every song was written while Tracy was carrying her first child. *Jones* is an in-utero tribute to that little boy. Recorded in Chicago with longtime producer Liam Davis, *Youre My Star* is by far Tracys most swooning, love-happy album to date. Its also her best. Tracy has been compared to Juliana Hatfield, Aimee Mann, Liz Phair, Lisa Loeb and even Sheryl Crow, but none of these is quite right. Tracy is Tracy,

and to know her is to love her. As Derek Sivers, president of CD Baby, says: Imagine a messy, chaotic world filled with junkyards and media billboards, all shouting noise, hype, and clutter. Now imagine in the middle of this mess is a little oasis, a little perfect circle with a single simple beam of light shining down on a girl singing a simple melody. That's Tracy Spuehler.
