URBAN/R&B: Contemporary urban, URBAN/R&B: R&B Pop Crossover Details: After testing the waters with his Reminiscing LP, BI approached Producer Shawn Moseley to pursue a new album that would be a departure from how he has approached music to date. One year later and many all nighter sessions, what you get is "2 Hearts", a culmination of life experiences, musical influences and very well crafted songs and lyrics with content and purpose. One primary focus in the production of the album was to disregard the fear of "labeling" the sound so it could fit nicely in a category and just write and focus on what comes naturally. So, as you can imagine, what you get is a nice blend of emotional truths ranging from sexy, to silly, to heartbroken and lost, while keeping it live and to the point. Knowing the importance of reducing tunnel vision in the final stages of a good record, Shawn brought in longtime friend, LA Producer Rodney Alejandro. Known for his work with Narda Michael Walden, The Temptations, Selena, Stevie Wonder and too many other greats to mention, to Assoc. Produce and co-write on the album. Needless to say, this album is off the hook and is sure to reach a very broad range of music lovers. For all you audiophiles out there, you'll be pleased to know that none other than Chris Gehringer of Sterling Sound, NYC., put the final mastering touches on the record to assure you nothing but the best playback on any system. Enjoy.
