An Eclectic Synth Christmas with new and fresh arrangements that will blow your mind. 15 MP3 Songs
ELECTRONIC: Virtual Orchestra, CLASSICAL: New Age Details: Craig's roots lie in serious classical training with one of his earliest performances of Samuel Barbers Piano Sonata earning him the Honor Award from the Detroit Musicians League. He also holds a Bachelors Degree in Music Composition from Wayne State University in Detroit Michigan. After many years of performing classical and mainstream venues Craig left Detroit and moved to Los Angeles to pursue a career in music. In his first few years in L.A. Craig kept busy freelancing various jobs including some film scoring and transcribing music for such artists as Wendy Carlos and Eddie Jobson. Eventually he landed a job as chief studio engineer at 2KSounds who were affiliated with E.M.I. and Virgin Records. Here he worked with an array of artists from Folk to Rap including Glen Campbell, Randy Bachman and Michael Narada Walden. He left 2KSounds and started his own record label, Random Arch Music, where he keeps busy producing his own as well as other artists CD's. His latest work "Do You Hear What I Hear" is an eclectic Christmas CD performed entirely on synthesizers and virtual instruments. Some of his arrangements are way over the top. I'm sure you'll enjoy this unique work. Make sure to check out Craig;s CD, "Sound Without Scenes", and his other CD's as well.
