----- dsbp.cx/diverje DIVERJE comes back with their 6th album on

DSBP!Always evolving and keeping things diverse,updated,aggressive, melodic and intresting... This album mixes a variety of EBM/harsh industrial sounds and coldwave rockers with very catchy anthemic vocals and distorted screams alike.A very strong amount of material without sounding the same each song like so many of todays newcomers tend to. Potent synth programming with over 25 synthesizers used.... from brothers in E.S.R, IMPLANT, THE MERCY CAGE, LEXINCRYPT, BOUNDLESS, TYPE001 and more guests,..with TOMMY T. on vocals, and synths as well. 15 brand new tracks which will keep your feet moving, head bobbing, and mouths screaming! The album deals lyrically with this "distortion chamber" we must get into sometimes to get away from the insanity and aggravating trials of life we have to deal with every day.The endless rat race and working like a dog, always trying to get to the next point.The feeling of too much stress,pressure and eyes upon you waiting to see you lose, or not achieve your dreams, like many of them won't...the way people rip apart each other everyday to get ahead, the damage and the strength that intense love relationships put you through...and the ever constant battle to make the world more aware of keeping the environment alive, and stop all this overpopulation and overpollution they are doing to kill this planet... enough of the unjust wars for religious/political profit...the lives that are lost are never worth the reasoning they give...we speak against the true evils of our society! -corrosive-audio.com DIVERJE BIOGRAPHY===== Started by TOMMY T. in 1996....the band started as a metal/industrial hybrid and has mutated in a few ways since.Becoming more of a solid unit in 2000 with the album "On Skin" and bringing in a more EBM, club friendly sound with harder industrial, dark electro and noise influences as well. "on skin" and "regret" as well as "disconnect"CONVERTER mix, and "to hell" remixed by RAZED IN BLACK became big hits for DIVERJE in the clubs, and helped build a solid following. 2002 seen the remix double album of "2:40 AM" released, and this one brought in some very diverse and cool new mixes of "on skin" tracks, older tracks and some odd new stuff as well...including a DEVO cover! ----- In 2003 "Amphibian" is released as a double cd set including a remix disc of the new tracks by some of the top underground electro-industrial artists like E.S.R., SYSTEM SYN, AGHAST VIEW,THE MERCY CAGE, CROC SHOP, etc... The first disc is a concept album strung together by industrial FROGS!! the sounds of frogs are captured here for an intresting continuous flow of electronics and nature sounds...more frogs than you can ever imagine. This is a very tripped out album with lots of politically, and emotionally charged lyrics criticizing the society we live in...and great electronic diversity and dance floor anthems like "stronger", "images", "amphibian", and "in2 the trap",and "red eyed"...among others... ----- In the spring of 2004 DIVERJE vs. SOUL CIRCUIT-"stronger" was released... Yhis featured 8 awesome remixes of "stronger" highlighted by ENDIF, THE GOD PROJECT, and HEADACHE,...and it also had 8 more tracks from DIVERJE and SOUL CIRCUIT.This was a limited edition with very few copies remaining... These last 3 albums have done well for us, and we thank all of our listeners and supporters who keep us going.you are inspiring for us. The new album is set to be released in 2005...."The Distortion Chamber" is a harder and more aggressive album and contains some guitars as well as dancier electro-industrial anthems with even more conviction and anger... "enough to destroy" is the lead track and will be featured on the new 4 cd compilation set from ALFA MATRIX...."ENDZEIT-BUNKER TRACKS" this spring..and you will also hear tracks like ""your pleasure", "no time for compromise", "the distortion chamber","I Walk Alone","stupid people shouldn't breed","test samples","individual",", Be Human again", "not in my name", and much more...this album will rock you!!Our best one to date for sure...JUNE 27th we'll have them in!! please spread the word to your friends...keep in touch....greetings, thanks!
