Rapcore Details: JADE STEEL- cd REVIEW 2002 I don't know if you have ever heard of Jade Steel, But if you haven't, you've been cheated, and should read on Like a character, from an old pirate movie, or a cunning Modern day traveler, Rock singer, mysterious, sexy, and exciting, Jade Steel, continues to entertain his growing number of fans, From the animal growls, to a distinct crooning, what next?

Influences can be heard in almost every song, But almost impossible to pinpoint We can only hope for more, and the more I listen, the more I want to hear. When I was young, bands like Led zeppelin Jimi Hendrix, and the Stones, were breaking all of the rules. We would hear the influence of the imagination, Simplified, and broke down into a groove, those were the days when people were using mind altering drugs and painting flowers for fun. Today we see a much different kind of energy, Bands like "THE EMERALD TRIANGLE", supporting artists like, "JADE STEEL", Are the cutting edge of the times we live in today. The music, a raw energy of Singing, Screaming, rapping, and spoken word, mixed with Hip Hop beats, the distinct, Funky guitar riffs, and that and freaky samples, allowing the beat to drive home, is what we are hearing. Combined with issues of Politics, War, and Social Environmental topics,. Written with JADE STEEL'S, clever dark humor, drive fans and writers of magazines into a frenzy. We love it. Have you ever seen 10,000 people jumping together at one time? Come to a show, and bring a friend, you will. There are too many bands that only give us that one good song per album, Yeah well, f**k that, I want my money \$ back. Once in a while we see bands like, Jade steel, presents, The Emerald triangle, having the imagery, Of a George Lucas film packed with new villains, and heroes. You go guys, I wish this band all the success in the world. We urge you to buy a copy and see a show NOW! Emerald
