[DOWNLOAD HERE](#)

You've never heard anything as funny as the Farmyard Friends singing and playing these Christmas classics. Laughs for young and old. Your pets will love it too. 10 MP3 Songs KIDS/FAMILY: Kid Friendly
Details: A Farmyard Friends Christmas was the performed, recorded, and produced by Keith Daniel. Keith actually went to farms and digitally recorded animal sounds, and used these sounds as the vocal for these holiday favorites. The result is a hilarious Christmas CD for all ages. Your pets will love it too! ... For the Kids ... The Farmyard Friends Story If you listen close on Christmas Eve, far off in the distance, you'll hear the Farmyard Friends laughing, singing, and playing their instruments, just having a good ole time. Every year they've seen that jolly old plump man and his reindeer gliding through the sky and making frequent stops to brighten a child's eye. You see, the Farmyard Friends believe in the magic of Christmas. Most people don't realize, though, that Santa gives presents to animals too. As long as they have been good, hard-working, and haven't strayed from the farm, there will always be some goodies next to the haystacks just for them. Last year, Santa couldn't figure out what to bring Kesha, Indy, Spats, Benson, Garcia, Millie, Hannah, Einstein, and the rest of their friends, so he gave them something even more special, the ability to sing. This year the Farmyard Friends wanted to really thank Santa for his incredible gift. For the past few months they have been working hard in their spare time to make this special collection of their favorite Christmas tunes for him. They're anxious to see what he thinks. After all, it sure beats cookies and milk! Farmyard Friends hope you enjoy their music too. If you're ever on the farm, stop by and say hello. Remember, on Christmas Eve, listen for these carols off in the distance, and join in if you like. Farmyard Friends wish you a very Moo-ey Christmas and a Hop-py New Year! Hope you enjoy your CD!
