Childcare professional Katharine Ross: Motivate is absolutely FANTASTIC!!! I am a nanny for two little girls, ages three and six. While my older charge was at camp, I brought the little one to story hour at the library. She is normally very quiet in large groups. That day Mrs, Kate was singing songs from this CD. Her eyes lit up with excitement as she joined in with all the movements and singing! When the oldest came home for a play-date, she and her friend were both singing along with the songs on the CD. Mrs. Kate's music is just so much fun and uplifting! I highly recommend ALL of Mrs. Kate's CDs to everyone! Mrs. Kate has performed in over 200 schools worldwide. She has independently recorded 8 CDs and one childrens
