SGNL_FLTR is Danny Kreuzfeldt's minimal techno project. The rhythms can be called minimal, but then enriched with soundscapes, clicks + noises. For those who find minimal too boring and prefer more adventurous rhythmic excursions 10 MP3 Songs ELECTRONIC: Minimal Techno, ELECTRONIC: Illbient
Details: Danny Kreuzfeldt is a versatile and praised artist, who has been doing a lot of styles under various names for years, and certainly shouldnt be a new name to people familiar with Databloem. Exhalo is his third album as Sgnl_fltr on Databloem and as with the others, its packed with deep grooves, dense atmospheres and refined effects. This time around, the amount of genres mixed together is staggering, with warm ambient, cold techno, abstract electronica and gritty soundscapes seamlessly flowing together during the course of the album. People who are interested in Biosphere Plastikman Basic Channel should consider this download.
