EuroSoul - A new sound worth listening too. All original music. 13 MP3 Songs URBAN/R&B: R&B Pop Crossover, NEW AGE: Environmental Details: S/O/U/N/D/P/R/O/O/F is a duo consisting of female singer/songwriter Camisaya, born in Yokuska, Japan and session producer/musician Stico VonDrake, a Chicago native. It was through the sister of Camisaya they first met. Both were looking for music that was worldlier and had a more experimental feel. The two each recognized in the other a chance to express themselves musically in ways they had been looking for, and S/O/U/N/D/P/R/O/O/F was born. The group's music is calmer than most hip-hop, or R&B concerning itself with relationships, self-love, and sensuality. They are featured on the compilation album "OVER THE INFLUENCE" with four other musical talents. THE S/O/U/N/D The musician, Stico VonDrake, is a master of his times. His music is not only original but also synonymous with a deep, full, and rich sound. His musical influences span from Marvin Gaye, Curtis Mayfield to Depeche Mode. Which lends to a musical melting pot for the soul. His goal is to bring music to all parts of the world. THE P/R/O/O/F The vocalist, Camisaya is a songstress whose birthright is to share the sound around the world. Her voice is distinctive, soothing, and powerful. Her lyrics are original, genuine and true to her profession. When you hear the song "Grass Isn't Greener", you will know there is a future for this songstress. Camisaya states, "When you hear my lyrics you hear honesty. Feel them, listen to them, believe them, because my lyrics tell you where I was, where I am, and where I am going. This team will captivate you for years to come. Their styles together create beautiful, ORIGINAL music, one we will call "Euro Soul".
