Christian Classic Rock, Great Guitar Leads, Tight Vocals 8 MP3 Songs GOSPEL: Contemporary Gospel, ROCK: Classic Rock Details: I grew up listening to all of the great classic rock bands of the 70's, 80's, and 90's. I have been playing guitar for 35 years and learned how to play leads by listening to the masters of guitar, our CD has a carefully crafted lead in almost every song. Some of the songs sound like they should be on Christian Rock Radio. Others are extra long and creative. One song is 8.5 minutes of "PinkFloydish Praise Worship". The last song is an instrumental that starts like a slow Floyd song then slowly accelerates into "double kick speed rock" with a strong guitar melody, ala, Satriani-Vai... Inspiring Biblically Based Lyrics. A carefully crafted recording true to the genre. Check out our web site for further details. Album is over 40 min. You can listen to the entire album for free on our web site to see if you like it. Bargain priced so you are more likely to try it. Thanks for listening, Gary B. Sullivan
