When Intelligence sources link two suspicious deaths in New Mexico with a move by the Russian mafiya to infiltrate the Native American casinos, the national security risk runs dangerously deep. Control of this resort area guarantees possession of the tribal reservations' nuclear waste plant. Now the mob's primary objective is under way: processing plutonium for nuclear warheads in America's own backyard. Mack Bolan is on the move with members of the Stony Man commando teams, locked in the crosshairs of the Russian gangsters and racing against time and the odds. This treacherous field operation involves kidnapping, murder, classified secrets and a killing spree that won't end until Bolan claims victory--or forfeits his final fight to death.
