Dear Marketer, As you know, each time you send an email to your list, many of your prospects don't even get to open your message, never-mind read it! Why? Spam filters. Even if your message isn't filtered there is so much spam around now that your message can very easily be confused with spam and get deleted. I've done it, you've probably done it, and you can bet the people on YOUR list do it too! How much extra money do you think you would make if every message you sent to your prospects got opened by everyone you sent it to every time? A guaranteed 100 open rate! Impossible, right? Not any more... Introducing The Brand New... 'Contact Automator'
