The first in a series of books written by fans for fans. FanFare is designed for fans who want to find out about their favorite band from other fans who have stories to tell. Weird stories. Touching stories. The stories only fans would know. Like the fact that Dave Matthews wants to stop performing his acoustic shows because of the audiences' rude behavior. Or that Boyd (the DMB violinist) often chats on-line with members of the DMB fan club. Did you know that drummer Carter Beauford once invited a group of fans onto to the DMB tour bus to eat pizza with him and watch movies? Another fan managed to snap one of the only known pictures of saxophonist Leroi Moore without his sunglasses on! And Matthews has been known call his fans to thank them for their letters but most don't believe it's him! FanFare takes readers to the core of the DMB phenomenon: a legion of loyal, caring, and devoted fans, and a super-talented band that would do just about anything to please them.
