"Life" the debut solo record from London born Singer/Songwriter Gary Spencer, is a Sunday afternoon delight, nine beautifully crafted songs each one a special treat.. Dont miss it .. 9 MP3 Songs POP: Beatles-pop, EASY LISTENING: Love Songs Details: It has taken the loss of his Family, many failed relationships, a move to New York City and Twelve Years for Gary Spencer to bring us his first solo CD "LIFE". Swathed in delicious melodies carrying refreshingly honest lyrics "LIFE" is a timeless piece of work that has you humming your favourite tune on the early morning commute as if it were a Motown Classic or an Eighties Pop hit , both of which obvious influences in Spencers writing. Like all good CD's "LIFE" creeps up on you with each listen, until the CD that you first listened to with your lover on a Sunday afternoon becomes the one you look for the next day to take with you on the way to work. When asked about what he thought people would think when they listened to "LIFE" Gary said....."I hope the songs touch peoples emotions. Any art to me, be it Film, Painting or Music should be able to touch people, make them laugh, cry , be happy or sad. Leave them with a feeling ". Well, it left me with many feelings, all of them positive, that you will be very pleasantly surprised when you sit back and listen to "LIFE" from Gary Spencer.
