Progressive Rock, with a twist. 12 MP3 Songs  
ROCK: Progressive Rock, ROCK: Ska  
Details: Lega Leggera, a great Rock group with very interesting things to say about world, politics, life and music. Especially music! In this cd you will find great rock and roll with an intellectual approach to the song form. Aldo, Ciro, Ennio and Giovanni are a real brute force with class. A trip in Italy is worth just to see them live!
