

Mp3 Rastafunk - Universoul Water

[DOWNLOAD HERE](#)

Rastafunky reggae, soul, blues and funk blend together in a Universoul jam. 25 MP3 Songs

URBAN/R&B: Soul, WORLD: Reggae Details: Rastafunk lives up to his name every single time he plays.

His music is relentlessly dancable as well as righteous, and it's impossible to resist the pull of both his band's music and his philosophy. I always thought it'd be hard to capture the full booty-shaking sonic power of Rastafunk on disc, but "Universoul Water" comes damn close. With 18 songs on one CD and six on the other, the release is a blueprint for musical revolution that celebrates the richness of modern black culture by focusing on its roots. Rastafunk and posse throw a conscious party of galactic dimensions on "Universoul Water," and everyone's invited. The songs are chock-full of generous, deftly arranged dollops of George Clinton-esque funk, salty, irie reggae, sticky-sweet soul, hip-hop bounce, heart-piercing spoken word and even hard charging rock. At its heart, Rastafunk's message is simple enough-"Love and honor one another for we shall study war no more." Rastfunk is preaching revolution, all right, and it's one we can all dance to and endorse.-Katie Shardl, Music Editor, Tallahassee Democrat Rastafunk "The Mighty Lion," is Keinan J. Roland, singer/songwriter and producer of Rastafunky music and more. Please feel free to contact us at (850)570-6297 or e-mail us at Rastafunk22@hotmail.com. Peace and Love Remember, When Tight Booty People Start Funkin, Back-up, Cause Rastafunk Is On The Way!
