The missing link between hip hop, rock and club music. 15 MP3 Songs HIP HOP/RAP: Hip Hop, HIP HOP/RAP: East Coast Details: THE MISSING LINK Seven, the name is just as mysterious as the music. You do not know where this unique sound originated from. Seven is the missing link between hip hop and rock. A true hip hop rock star. North Carolina at the age of 13 was nothin but 40's, blunts, and freestyles. Hailing from the doublewides of North Carolina, you do not know whether to put him in an Abercrombie Fitch catalog or if he just walked out of a poor white trash ghetto. He is the gap between rural and city poverty. Seven lives to be a rock star within the entertainment industry and will attain true commercial success. His marketing angles and musical styles are boundless. Growing up country- music, drugs, and rebellion were the only things left to stimulate the minds of Carolina youth. Taking the stage as Seven, he raps about the crude and honest aspects of partying hard and life in the trailer park. Seven began rappin in '97 with a small clique of friends. He describes his parents as fanatical Christians; forbidding TV until he was 12 years old and restricting the music that came into the house. "I think that's why I feel so strongly about music. I remember times when I snuck Bone Thugs and Harmony into my house and had to listen in my room with the doors closed. Its just the fact that it was denied from me thus turning into something that I was infatuated with." Growing up with such strict rules on his access to the majority of things most kids were exposed to on a daily basis- its a surprise that he has the lyrical and musical capability to produce music that will penetrate the airwaves with truth and honesty. Seven has recently performed numerous local gigs in the Virginia, Maryland and DC areas. Down at the Va Beach waterfront, he just blew the house down in front of a crowd of 1000 or more with Young Gunz and Freeway and performed recently at Tony Austin's birthday (Russell Simmons' Music Group President) in Baltimore. Whether it is a beautiful girl from the suburbs or hard core hip hop fanatic, Seven will touch you with his rhythmic,

signature delivery and content of his verses. After moving over 5000 units in a couple of months at local high schools and small venues, Seven has recently peaked the interest from some major music producers and labels. Seven's goal is to have at least 5 platinum albums and to bring a new style of music to the masses. An album of rock, raw hip hop, and club rap are just some of the examples of how he proposes to channel his talent. He wants everyone up on the dance floor shakin' that \_ \_ \_ . Seven will never limit himself and with an attitude like that, and a mentality that is unbreakable, he is destined for stardom.
