Pacifying and at the same time inciting, from dreamful to truly awake, the album is fresh with surprise and delight. In the middle of the night you wake up and see a heavenly radiant creature of splendid beauty hovering over your bed. You look at her angelic countenance and way-back in the deep recesses of your mind you hear her soft voice calling you, inviting you to accompany her on an astral pilgrimage. Suddenly you feel yourself sucked out of this mortal coil and you merge into the wonderful lightness of a supreme consciousness. Up and away she takes you, quicker than a thunderbolt and there you are flying with her with only one purpose present in your mind: Crossing these borders and entering into the heart of Shambala. Healing to the soul, soothing the mind and nourishing on deep levels of the spirit, in a refreshingly new synthesis of crossover musical elements from Indian classical to rock/funk and ambient soundscapes. Including various adaptations of great mantra's like Gayatri and Om Namah Shivaya. People who are interested in should consider this download.
