Following previous sales of over 300 thousand copies the boys from Bakersfield deliver their most diverse and powerful album yet 10 MP3 Songs COUNTRY: Country Pop, COUNTRY: Modern Country Details: An energetic and wildly spirited country-rock quintet hailing from Bakersfield, the Smokin' Armadillos amazed the record industry by selling an astounding 150,000 copies of their independently released EP before they ever laid eyes on a recording contract. Comprised of Scott Meeks (guitar, vocals), Rick Russell (lead vocals), Aaron Casida (bass, vocals), Josh Graham (guitar), and fiddle champion Jason Theiste, the band formed during the summer of 1992, with four of the group's members knowing each other from high school. They developed a huge following regionally, and on the advice of a friend who worked for a major label, they began to release singles and send them to radio stations. Oddly enough, even with stiff competition for airplay slots, some reporting stations began playing the singles and soon a demand was created for their music. The band released a five-song EP and shipped copies from an office in Bakersfield, as well as sold units at their popular live shows. The Smokin' Armadillos released three singles - "My Girlfriend Might," "I'm a Cowboy," and "Red Rock" - which took them to the top of the independent charts before they signed with MCG/Curb in 1994. They released their debut album in 1995, along with a reissued version of the EP. 2003 brings a new album, "Strike The Match", and it's first single "You Were A Mountain".
