

Mp3 Teacher And The Rockbots - World

[DOWNLOAD HERE](#)

The fun, modern rock sound gives parents and teachers an exciting alternative to raunchy pop songs and cheesy nursery rhymes. 13 MP3 Songs KIDS/FAMILY: General Children's Music, KIDS/FAMILY: Kid Friendly Details: This latest release from the Rockbots explores a variety of social studies and geography subjects and it features a unique songwriting style that helps kids develop their problem-solving skills. Clues are provided in the verses and kids try to figure out the answers before they're revealed. This songwriting technique is a fun way to address the competitive nature of kids and it adds an interactive quality to the music. Only the Rockbots offer this. While written for kids who are around 7-9 years old, kids as young as 5 are advancing their knowledge while being entertained by this "edgy-cational" music. What do you want to know about the world? Just ask a Rockbots fan. They'll be happy to explain it to you.
