

Mp3 The Steel Scream Project - Journey By Rail

[DOWNLOAD HERE](#)

Climb aboard with Songwriter, Troy Donoughue and Album Producer, Doodle as they take you on an emotional, musical journey through ten piano-based pop tracks written about life, love, joy and pain.

"Journey By Rail" is their 1st professional release. 10 MP3 Songs POP: Piano, EASY LISTENING: Soft Rock Details: Given his first keyboard by his older brother as a gift, Troy made great strides in conquering the instrument, despite not having any formal training. Just a few years later, Troy composed his first song, music and lyrics, entitled "No More Love". It was recorded later that year with Troy on keyboards and his friend Doodle on lead vocals and harmonica. Troy never considered himself a vocalist, but with some convincing by Doodle, who was a lead singer in local bands, he decided to try and record some original songs on his own. He composed more melodies on the keyboard, (some with drum tracks), and matched them with existing lyrics that he had written years earlier. By the end of 1992, Troy had a dozen songs written but, unfortunately, he did not have any professional equipment or money for time in a recording studio. He decided to record all of the songs on his boom-box. The sound was raw, but it showcased his ideas well. In 2002, after about 5 years of not being involved with anything musically, Troy decided to restart "The Steel Scream Project", with Doodle serving as producer. Troy released his first CD through MP3with the same 12 songs he recorded in the early 90's and called it "Raw Tracks". Before MP3.com's sudden demise in December of 2003, Troy had managed to release three full-length albums of original material, plus one CD single. "Journey By Rail" is Troy's first album recorded in a proper studio setting, giving him the motto... "Thinking outside the boom box!" Produced by Doodle Troy Donoughue: Piano and keyboards - Lead vocals on tracks 1, 2, 4, 5, 8 10. - Backup vocals on tracks 3, 8 10. Doodle: Rhythms, guitar and keyboards - Electric piano on track 6. - Lead vocals on tracks 3, 6, 7 9. - Backup vocals on tracks 2, 6 9.
