A great birthday gift! Whirlie The Clown drives a rainbow limo with a customized crayola finish, courtesy of her preteen fans. She does her hair in a cotton candy machine to get that Whirlie look! She lives in a real funhouse (designed by Frank Lloyd Wright) with Fresh Egg (who greets her with a kiss every morning). She's never had a T.V. show, until now. Indeed, her show just got picked up (by Pee Wee playhouse producer), but her debut CD outsells the top names in childrens' music. "The magic's in the kid's, not me", says Whirlie. "A knockout singer, comedienne, and one of a kind performer", says L.A. Parent Magazine. She's amassed a devoted following through word of mouth accounts of her incredible show. She specializes in celebrities and has entertained kids for the past decade. What's a Whirlie show like? Imagine the Pied Piper with a rock and roll beat. Whirlie, Shari Nathan, a Louisiana native, received a scholarship in Voice and Theatre to the Interlochen arts Academy, subsequently completing her BFA at New York University's Experimental Theatre Wing. Upon graduation she worked with some of New York's most influential theatre companies, including stints with Playwrights Horizon, La Mama and Bread and Puppet Theatre. Whirlie's #1 selling CD "It's your Birthday" is a definite phenomenon among kids 2-11 years old. You can contact her at -Whirlie@whirlie.com. She loves her fans!!
