Inarrii agent Alinna Gaerrii was tasked with observing the Starforce base on Earth. Crash landing her observation pod onto the base was not part of her mission briefing. Neither was making m'ittar--mind contact--with Major David Brown, the human who discovered her amongst the wreckage. David thinks she's a psychologist sent to evaluate his Special Forces team, and Alinna goes along with his misconception, seizing the opportunity to observe humans up close. But their daily contact has unexpected side effects, and Alinna soon invades David's dreams. Through their intimate mental connection she allows him to express his forbidden physical desires. Alinna delights in the sensory exploration and grows excited by the prospect of a treaty with the humans and a potential life mate in David. But an attack from an unknown ship sends the base into chaos, and Alinna may be forced to reveal her lie, erasing all hope of a successful treaty, and driving David away forever...
