Dear Friend, If you're tired of working hard for a paycheck that seems to be dwindling by the hour or looking for a job only to be told that there is nothing available, did you know that there are high school kids out there who are making more money in a single day than you do in a week? The internet is one of the best places to make money and one of the best ways to make money online is to understand the trends as well as to be willing to work with technology. If you can do this, you can make a fortune online and you'll never have to worry about your job again! You need to be creative in order to make money this way. You have to have your finger on the pulse of pop culture and know what is hot and what is not. You can do this with very little technological skills as well as marketing skills if you follow a proper tutorial. Sound Too Good to be True? Its Not!... You can make money online when you use technology, which is all free online for the taking, to build web applications.

But not just any web applications - special applications. Applications that are in hot demand right now and that people are clamoring to get. Investing a few dollars will make it easier, but if you have no money to spare, you can do this with free download software and a website. A website, including a domain name, tools to build the site and a host can cost very little indeed. After that, you just need to know the proper resources to use to get the word out to the public, for free in a great deal of cases, about your application.

The hottest technology to come on the market in a long time is the iPhone. People are knocking themselves out to try and get the best applications. By making applications and selling them or distributing them online, you can make a lot of money in this arena. An increasing number of people are getting iPhones that are very user friendly and do so much more than just a phone. In fact, a great deal of people are saying that technology such as the iPhone will soon replace technology that we have now, such as the laptop computer and regular phones. Even if your technological expertise is limited, you can still make money using iPhone applications. You just need to use the right type of tutorial to help you understand the concept and how to market the product once it is completed.
