

## Mp3 Ape - Rock: Instrumental Rock

[DOWNLOAD HERE](#)

Mostly instrumental lo-fi debut, with elements of soundtracks, rock, and punk. This CD is intense. Once it gets started, it never lets up... 13 MP3 Songs ROCK: Instrumental Rock, ROCK: 90's Rock Details: For the five years that Ape was together, the band recorded over 5 CD's worth of studio material, and countless hours of inventive studio jams. As of now, only 2 CD's are available, but the remains of the catalog will eventually be released. (The other CD, NOW, is also for sale on CD.Baby - [cdbaby.com/ape](http://cdbaby.com/ape)) This gem from 1993 caught the band in it's early stages. From year to year, the Ape sound would continually evolve into other genres from around the globe. Competing with Deep Purple in the loudness dept., Ape - Ape is a sonic force to be reckoned with. The crushing groove of "Veggie Woman", the relentless drive of "Texas Oil Worker" "Poop on Flying Saucer", and the beautiful melodies in "Swimming in the Public Reservoir" combine to make a CD that your volume knob won't be able to go any higher.
