Southern style rap 15 MP3 Songs HIP HOP/RAP: Rap, HIP HOP/RAP: Southern Style Details: First the name C.Coald the C is pretty simple but as for the Coald it is a combination of both (cold) as in ice cold and (coal) as in charcoal it'll all come together once you see the skin tone and you hear the flows. My style is real music not just putting words together that rhyme or spit'in substandard rhymes over tight beats. I feel that lyrics should be able to stand alone as well as the beats and once combined they complement each other to make a geat song and great music Industry Bullies standard. And like all GREAT music it comes on Vinyl ALL NEW Vinyl CD's a Guaranteed MUST HAVE. Vinyl with the Great CD sound a WIN WIN combination
