unique-sound, bone-eminem type flow, diverse, crowd moving 15 MP3 Songs HIP HOP/RAP: Hip Hop, HIP HOP/RAP: Southern Style Details: DVS Elements was formed in 1993. It consisted of 6 artists. DVS Elements created music of humor, emotion, drama, and dance. As years passed, members of the group decided to journey on their own. 2 artists remain with the name DVS and pursued a dream. These 2 men, known as Mad One and Breeze, struggled with becoming the first white duo in hip hop to make a name for themselves. DVS Elements dealt with independent record label, ReadyRockRecords out of Los Angeles, and with major label, Ruff Ryders. Although it seemed to be a great opportunity to sign with either company, DVS decided to go at it alone. A few years later Mad One and Breeze created, known as today, KlubHouse Entertainment. They recruited a few artists and started forming a foundation of local artists to help build KlubHouse into what it is today. DVS Elements' music is inspired by everyday living experiences and situations that lead to comedy. Mad One and Breeze produce, write, and mix all their own music, along with some of their artists. These are the ringleaders of KlubHouse and have the freedom to say and do whatever they feel needs to be done. DVS has completed over 100 songs of their own and been featured on about 50 mix songs. DVS has been compared to Bone Thugs n Harmony, Eminem, and DMX. Even though the comparison between these artists, DVS still remains to have a unique style of their own. Mad One is currently 29 years of age and remains to be one of the coldest mcs and producers out of Oklahoma. Along with his lyrical skill, he also produces tracks for about 20 different other artists and designs graphics and cd covers. Breeze is currently 26 years of age and produces some of the hottest tracks in hip hop, rap, rock, and techno. Breeze has a talent for reproducing tracks and turning them into his version of hits. Mad One and Breeze have been around for years and it's obvious theres nothing stopping until they reach the top. DVS Elements (The Story Untold) is a collection of songs

that have been done in the passed few years. Most of the content is done out of humor and enjoyment of just making music. DVS believes that making music is a gift and everyone who produces music should cherish that.
