Farm-fresh, free-range, organic kid-folk. 20 MP3 Songs KIDS/FAMILY: General Children's Music, KIDS/FAMILY: Kid Friendly Details: 20 Songs Every Kid Should Know is like a bowl of home-made vanilla ice cream. It's not a wiz-bang, Ben Jerry's explosion of nuts, fudge, chocolate and caramel. Instead, it revels in the simple pleasure of pure ingredients mixed with love and a reverence for tradition. Here's what you'll find: Twenty traditional kid-folk songs sung by one voice and one guitar. Steve Denyes, of the Parents' Choice Award winning duo, Hullabaloo, circles back to his roots and delivers a fun, playful album of the time-tested traditional favorites we all grew up with. What you won't find: Drum machines, synthesizers, singing hamsters, purple dinosaurs, bells or whistles.
