Acoustic Rock 8 MP3 Songs FOLK: like Joni, ROCK: Acoustic Details: Karen Ellick was born and raised in Philadelphia, P.A. Her mother was a singer and her father a classical guitar player. She has often said that most of her earliest memories are filled with music in the background. Inspired by the folk-rock artists of the 70s and growing up in the 90s when some of the greatest bands and solo artists introduced a new era of music, Karen began to write and record an anthology of songs that combines the roots of these sounds. This album, appropriately titled Center is the first chapter of work from an artist dedicated to honor all of her inspirations, combined with her own ideas, to meet right in the middle somewhere. Produced by David Malachowski and engineered by Dae Bennett, this record is a mix of acoustic rock that is laced with Davids soulful guitar and Karens powerful lyrics. The combination is ethereal and haunting, familiar and new all at the same time, having one listener coin the phrase angel-blues to describe it. Karen now resides in Los Angeles where she continues on her journey of writing and performing her songs. Her passion and hope is to share her music and connect with her listeners. She puts it best by sharing a quote on her Myspace page by William Shakespeare, If music be the food of love, then play on
