Singer of the "Great American Songbook" 15 MP3 Songs EASY LISTENING: Crooners/Vocals, JAZZ: Jazz Vocals Details: "Hearing Marci Haus sing for the first time on radio station WXEL was a pleasant surprise. At that time I thought, 'How refreshing to hear a singer with a new style all her own and not imitating any other singer I am familiar with.' As music director of the Big Band Hall of Fame Museum in West Palm Beach and band leader of the Big Band Hall Of Fame Orchestra, I can fully appreciate her warm style, her casual nuances and most important her passion for the lyrics. Catching her live recently reassured me she's for real." - Mr. Ben Grisafi
