Details: A long long time ago, all the way back in the year 2005, four complete strangers just happen to be walking down the same street in down town Boise when something amazing happened. A bus full of babies and nuns, completely out of control, missed the four by inches and crashed into a banquet hall which was hosting a fund raiser for indangered reptials. The bus burst into flames and the four heroic strangers sprang into action. The first to reach the wreckage was Siah who, discovering he had supuerhuman strength, ripped the back door right off it's hinges. Caleb then jumped inside the firey bus of doom. Discovering that he could sense the not so distant future, he realized that it was only a matter of minutes before the bus was going to explode, so he began throwing as many babies as he could out of the back of the bus. David used his supersonic hair growing abilitaties to shoot out yards of growth from his scalp, while Graham used his superhuman speed to weave a baby catching net just in the nick of time. with his last ounce of strength Caleb put all the nuns on his back and piggy backed them out of the buss just seconds before it exploded. The four strangers stood catching their breath when suddenly an ice sculpture of a turtle from the fund raiser, which must have been sent airborne from the blast, came crashing down at their feet remarkably unscathed. Their eight eyes met, and the elite group known as The Arctic Turtles was borne!
